

# **AusPat System Requirements**

---

AusPat requires

- Internet Explorer 6.0 (or other modern browser)
- Cookies enabled
- a minimum screen size of 800 x 600.

To take advantage of all the features of AusPat you'll also need to have JavaScript enabled.

## **What if I have an older browser?**

If you have an older browser you may not see content on the screen formatted as you would expect.

## **What if I have Cookies disabled?**

If you don't have Cookies enabled you won't be able to use AusPat.

## **What if I have JavaScript disabled?**

If you don't have JavaScript enabled you will still be able to use AusPat. However some of our advanced functions like rearrange columns in Search Results, the Name selector in Advanced Search and refining a Structured Search won't work.
