## Official Notice

# Revised Business Rules for Electronic Communication

On 2 January 2007, IP Australia launched our revised Business Rules for Electronic Communication. The Business Rules are produced in accordance with the requirements of the *Electronic Transactions Act 1999*. The revised document is intended to be read and referred to by customers who choose to communicate with IP Australia by electronic means and provides a useful guide to operating in our electronic environment.

The business rules include information about using IP Australia's online search facilities, applying for IP rights online, making electronic payments and corresponding electronically with IP Australia. Other changes in the version are:

- Revision and update of all system requirements; and
- insertion of a ready reference table of the electronic communication options available to customers.

The revised Business Rules for Electronic Communication are available from IP Australia's website at [www.ipaustralia.gov.au/pdfs/general/eta.pdf](http://www.ipaustralia.gov.au/pdfs/general/eta.pdf).
