## Notes

Provided that an application to extend the time for acceptance of an application for registration of a trade mark (beyond 15 months after the first report is issued), is made in time, and the appropriate fee is paid, the Registrar must grant the extension. If the application is late a declaration must accompany the application (Form TM/00/011 should be used).

If extensions of time are requested after 21 months from the date of the first report, a declaration must accompany the application (Form TM/00/011 should be used).
