Hello Amelia

Thanks for reaching out. I'd welcome a discussion with s47F

I am in Canberra those days and Margie Waterton, my EA (copied) would be happy to lock in a time with you.

Thanks.

Good afternoon Michael,

I hope this email finds you well.

By way of introduction, I am a consultant and support OpenAI with their on-ground engagement in Australia. s47F and s47F from OpenAI will be in Canberra on Tuesday 13 May and Wednesday 14 May and were hoping to meet with you.

Are you interested in a meeting and if so, would you have availability on either of these days? I look forward to hearing from you – thank you very much.
Warm regards,

AMELIA METCALF

Subject: RE: Invitation to a private dinner with Dr Aaron "Ronnie" Chatterji, Chief Economist, OpenAI

Thank you s47F and Amelia, for the kind invitation, which I am delighted to accept.

I look forward to the dinner, and have no dietary requirements.

I note that Bourke Street Advisory appears to be completely compliant with the Lobbying Code of Conduct and register.

I would also like to declare the dinner on the IP Australia gift register and so would appreciate knowing an approximation of the cost of the dinner per head.

Kind regards
Michael

Subject: Invitation to a private dinner with Dr Aaron "Ronnie" Chatterji, Chief Economist, OpenAI

Dear Michael, please see below for an invitation from OpenAI for a private dinner with their Chief Economist. Thank you very much.

Dear Director-General Schwager,

I write to invite you to a **private dinner in Canberra on Monday 30 June**, with Dr Aaron “Ronnie” Chatterji, OpenAI’s Chief Economist.

Dr Chatterji is a globally recognised economist and public policy leader. He previously served in the Biden Administration as the White House CHIPS Coordinator, where he oversaw the implementation of the landmark \$52 billion CHIPS and Science Act.

He was also Acting Deputy Director of the White House National Economic Council and Chief Economist at the US Department of Commerce. Earlier in his career, he served as a senior economist on President Obama’s Council of Economic Advisers and has contributed to multiple state-level economic policy commissions.

At OpenAI, Dr Chatterji leads work on how artificial intelligence will shape global economic growth, labour markets and productivity. His research spans the economic implications of AI infrastructure investment, longer-term workforce transformation, and strategies for enabling governments and institutions to harness the benefits of AI.

This dinner will offer a unique opportunity to hear directly from Dr Chatterji on how governments globally are approaching AI, how industry policy is evolving, and how AI can be adopted within the public sector to improve service delivery and national productivity.

Attendance is limited to a select group of senior public sector leaders to enable candid, forward-looking discussion under Chatham House-rules.

The dinner is at the **Boathouse at 7 Menindee Drive, Barton with a 6.30pm arrival for a 7pm dinner on Monday 30 June 2025**. If you are able to join us, please RSVP to amelia@bourkestreetadvisory.com with confirmation and any dietary requirements by **Friday 27 June 2025**.

We look forward to seeing you for what promises to be a thoughtful evening.

Kind regards,

s47F

Hi s47F

Thanks for this.

IR - s 47C

I am actually on two months leave from tomorrow, and Margaret Tregurtha (copied) is acting for me. Margaret will be happy to continue the discussion **IR - s 47C**

I hope that helps.
