CERTIFICATION REGULATIONS

1. Arcoplast, Inc. is a Corporation existing under the laws of the State of Missouri, located at 1873 Williamstown Drive, St. Peters, Missouri, United States of America and hereinafter will be referred to as "Arcoplast".

2. Arcoplast may grant the rights to use and exhibit the CERTIFIED ARCOPLASTBIO BSL marks (a total of 3 levels of classification - BSL-3, BSL-3Ag, BSL-4) to any Contractor working primarily in biocontainment and laboratory facilities if the Contractor:

- (a) has a minimum of five years experience in high containment construction;
- (b) provide evidence of at least three successful installations within the last three years; and
- (c) ensures that fifty percent (50%) or more of its craftsman hired for biocontainment or laboratory facility work are CERTIFIED ARCOPLASTBIO BSL Technicians.

3. A sample copy of the CERTIFIED ARCOPLASTBIO BSL Marks is annexed under Schedule A.

4. A CERTIFIED ARCOPLASTBIO BSL Technician is certified when he/she:

- (a) possesses a degree in building/construction finishing or has served a minimum of two years as apprentice;
- (b) demonstrates the required craftsmanship to execute a perfect installation of Arcoplast fiberglass composite wall and ceiling systems;
- (c) successfully completes a written exam on product knowledge, installation practices; and
- (d) is fluent with the terms and definitions associated with biocontainment facilities.

5. CERTIFIED ARCOPLASTBIO BSL Technicians are issued a certification card by Arcoplast, or its duly authorized representative, that acknowledges the recipient has successfully fulfilled the requirements on product knowledge and installation practices set forth by Arcoplast.

6. Marking requirements prescribing the use of the CERTIFIED ARCOPLASTBIO BSL Marks are provided under Schedule B.

7. Arcoplast will oversee the Contractor to ensure compliance with the Certification Regulations in the use of the CERTIFIED ARCOPLASTBIO BSL marks.

8. Arcoplast will be permitted by the Contractor to review at reasonable times:

(a) the Contractor's marketing materials such as printed and non-printed documents which use the certification marks;

(b) the Contractor's ratio of employee's holding valid and current CERTIFIED ARCOPLASTBIO BSL certification status on given BSL related projects.

9. The Contractor is in breach of the rights if:

(a) the Contractor does not meet or no longer meets the certification requirements provided for herein, and/or

(b) the Contractor does not use the certification marks in accordance with the Marking Requirements, annexed hereto as Schedule B.

10. In the event of a breach of the right, Arcoplast will give notice of the alleged breach and allow the Contractor thirty (30) days to correct the alleged breach. If the Contractor does not correct the breach accordingly, the right is automatically terminated on the expiration of thirty (30) days after the notice of breach.

11. A Contractor who is denied the right to use, or continue to use the certification mark may appeal to the World Intellectual Property Organization (WIPO).

12. All disputes shall be governed and interpreted in accordance with the laws of the State of Missouri, United States of America. Any dispute which cannot be settled shall be submitted for binding decision to a single arbitrator designated by the parties under the auspices of the Arbitration Center of the World Intellectual Property Organization (WIPO). The decision of the arbitrator shall be enforceable in the respective countries of the parties.
