

## **Certification Standards for Certification Mark CLLCP**

CLLCP Certification Board has applied to register the mark **CLLCP** as a certification mark under the Trade Marks Act 1995. The application is in relation to the services “Licensed life care planning services; health care consulting in the field of life care planning” in Class A.

### Certifying Body

CLLCP Certification Board is the certifying body for the certification mark.

### Persons Authorized to Use the Mark

Only those persons who have met the certification eligibility criteria may use the mark.

### Characteristics to be Certified by the Certification Mark

The characteristics being certified by the mark are that the nurse life care planning services are provided by nurses who have successfully complete licensing, educational, and vocational requirements and have attained the standard required by the eligibility criteria.

### How the Certifying Body is to Test those Characteristics

The certifying body will ensure that the certified persons meet the require standard and qualify to provide the services by completing the eligibility criteria.

### How the Certifying Body Supervises the Use of the Mark

The certifying body has the right to evaluate the certified persons' services, which may include observations to enable the applicant to monitor the quality of the services.

#### Procedure for Resolving Disputes

Any disputes shall be submitted to the jurisdiction of and venue in the United States Federal District Court for the District of New Hampshire.

#### Use of the Mark

It is a condition of use that the mark should not be used without indicating that it is a certification mark.

### **ELIGIBILITY CRITERIA FOR CLLCP CERTIFICATION**

Candidates for use of the certification mark must meet the following eligibility criteria:

**1. Licensure:**

Provision of proof of current, active, and unrestricted licensure in healthcare (or a health and human services discipline) or its equivalent in other countries, for at least the prior two (2) years immediately preceding application. The scope of the license (e.g., registered nurse, medical/osteopathic doctor, chiropractor, physical therapist, occupational therapist, speech therapist, nurse practitioner, psychologist, neuropsychologist, licensed social worker) must allow independent Patient/Client assessment.

**2. Experience:**

Verification of a minimum of two (2) years/4000 hours paid or billable professional healthcare experience that requires licensure and determination of Patient/Client needs within the five (5) years immediately preceding application.

**3. Education/Skills:**

**OPTION 1**

Completion of *120 continuing education units*\* relating to life care planning, or in *equivalent areas* (see the Content Outline in CLLCP™ Handbook for Candidates) that

can be applied to the development of life care plans or pertain to the *service delivery* applicable to life care planning within the five (5) years immediately preceding application

*\* There must be a minimum of **10 hours specific to a basic orientation, methodology, and standards of practice** relevant to **life care planning process/principles** contained within the continuing education curriculum*

## **OPTION 2**

Verification\* of *two (2) years life care planning experience* that incorporates the life care planning process and skill set inherent to the assessment and determination of treatment needs and their respective costs, across the continuum of care, within the past five (5) years immediately preceding the application.

*\*Verification of experience must be authenticated by an employer or a minimum of two referral sources. Upload the completed verification form to your online application.*
