7 April 2015

Dear Sir,

We have reviewed the Consultation Paper, "Proposals to streamline IP processes and support small business", February 2015.

In relation to Proposal 12, Colour drawings, we support Option 2, namely allowing Colour drawings at the national and international stage.

In relation to Proposal 16, Multiple copies of representations, we support Option 2, namely removing the requirement to provide extra copies.

Yours sincerely

Paul Green

Special Counsel – Intellectual Property
